

Woldring news

August 2024

We hope you are having a great summer and enjoying the beautiful weather to the fullest. We would like to inform you of some important updates, activities and tips for living comfort in our residential complexes. Together we will make sure everyone enjoys living in our residential complexes.

Be mindful of each other

Now that summer is in full swing and we are spending more time at home, we would like to ask you to be extra considerate of one another. This especially applies to things like smoking out the window, playing music, and activities that go on late into the evening. It is important that everyone in the building can enjoy a quiet living environment. Therefore, we ask you to keep the following in mind:

Music and noise pollution:

Please keep the volume of music and other sounds within limits, especially after 10 p.m., so that everyone can work or study and enjoy their night's rest in peace.

Smoking:

Walk outside to smoke and do not smoke out the window to prevent smoke from migrating into other apartments or the ashes from ending up with the lower neighbors.

Together, let's ensure an enjoyable and respectful summer for all!

Nuisance

We want to prevent nuisances in our residential complexes. Therefore, it is important to always report a nuisance. In case of emergency: call the police immediately at 0900-8844 or 112. For other cases, you can contact us. You can reach us at 050-360 0318 (Monday to Friday from 9:00-17:00) or email to verhuur@woldringverhuur.nl, in the evening and on weekends you can also call security at: 050-305 3969.

We would like to receive a message if something has occurred that the police have been called for, but in all other cases we also ask you to inform us as landlords. This way we can together ensure a safe and pleasant living environment.

We have additionally decided to close the automatic sliding doors in the Woldring Location at 9:00 pm. Residents can simply enter with their tag by presenting the tag on the outside.

Upcoming rent collection:
Friday, Aug. 30

Stuff in the hallway

Because of fire safety in our residential complexes, it is strictly forbidden to place personal items such as furniture, shoes, trash or other objects in the hallway or in common areas outside the apartment. These objects could pose a dangerous obstacle to rapid evacuation in the event of an emergency.

Separate room for washing machine for rent in the Woldring Location

Interesting news for anyone living in the Woldring Location who would like some extra bedroom space! We have created a couple of new laundry rooms in the complex. These spaces can be rented for €25 per month. Interested? Then contact us to discuss the possibilities.

Extra lock front door

When a new tenant moves in somewhere, we place an extra lock at the front door in the apartment. We would now also like to offer current tenants the opportunity to request an extra lock from us free of charge. Are you interested in this? Then contact us to make an appointment with our technical department.

New apartment available!

We recently created a beautiful new apartment in downtown Groningen. The 85 m2 apartment consists of a living room with open kitchen, 2 bedrooms and a bathroom.

Upon entering you enter a spacious, bright living room with open kitchen. The modern kitchen is fully equipped including a refrigerator with freezer, combi-oven-microwave, dishwasher, induction hob, and double sink with Quooker.

The bathroom has a walk-in shower, double sink, heated mirror and connections for washing machine and dryer. There is a separate toilet with hand basin.

The well-insulated apartment has two bedrooms with French doors to a private outdoor area. You can use the locked bicycle storage and park your car to the apartment for a fee. Interested? Let us know!

New washing system

In the housing complexes on Oosterstraat 19a and Soephuisstraatje 18, a trial was recently started with a new washing machines and dryers that work faster and have a larger capacity. This means that more pounds of laundry can be washed at one time. The system offers residents more convenience and efficiency in doing laundry. We plan to use this system at other downtown complexes in the future.

Moving tips

- Ask your neighbors or others in the complex if they have an interest in items, it will save you having to dispose of or move.
- If you want to give stuff to Mamamini, approach them on time! They are busy and may not be able to visit you for 2 weeks to pick up things.
- Make sure all agencies are aware of your move, that way the mail will also get to your new address.
- If you want your furniture to be taken over by the next tenant, let us know so we can see if we can make contact with the new tenant so you can discuss this between the two of you.
